

POS Success Story: Optimizing the Management of 2 Points of Sales at SAREC SARL

SAREC SARL is a company specialized in the wholesale and retail of consumer products based in Douala at Akwa and Mbopi

« QuickSell enables us to have a match between sales, stock availability and cash in our sales points. The supply of stock is now done on time and the commercial impact is tangible. The value added is felt both employees and managers. I was particularly impressed by the quality service rendered by ISNOV »

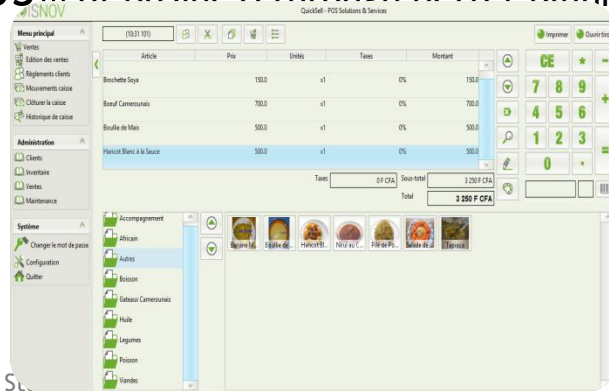

- M. Tchuenté Cyrille - CEO

Management outlets - Concordance between sales, stocks and funds

- The centralized management of sales and stocks from several workstations and an intuitive interface for staff with little skill of computers was a pl
- Stock management & reporting features of the POS System significantly reduced Missmanagement and daily inventory count
- The permanent concordance between sales, inventory and condition of the body has allowed a

growth of more than **35%** of business through better planning
